---

I am willing to be guided through relaxation, visual imagery, creative visualization, hypnosis, and stress reduction processes and techniques for the purpose of vocational and avocational self-improvement. I understand that the hypnosis I am receiving is not a substitute for medical care and I have been advised to discuss this hypnosis with any doctor or treatment provider taking care of me now. Additionally, I should continue current treatments for care and be advised to consult medical caregivers if any new or old illnesses surface.
